

VIP Homework #8

Today's Date: _____

VIP: _____

Dear Parents or Guardians,

It will soon be your child's turn to be VIP again (within 5-7 days.) Please help your child complete the enclosed activities and return them in 2-3 days, so that they will be here on their VIP day. The activities are designed to give your child extra practice with different skills, and reinforce concepts taught in class. These will be placed in a time capsule being made for your child which will be opened on their high school graduation day.

1. **Interview questions** – Please fill out the interview sheet with your child. Feel free to write additional stories and insights on the reverse of the paper.

Skills:

- Oral language practice
- Fine motor practice (printing)

2. **This is me in Kindergarten!** – Have your child draw and **neatly** colour a picture of themselves.

Skills:

- Fine motor practice (drawing and colouring)

3. **Personal note to your child** (Parent homework) – This time capsule will be more special if it includes a personal note from you to your child that they will read on that very special day! I am sending home a paper that you can use as stationery for this note, but please feel free to substitute any kind of paper you like or print it from a computer. **Please be sure your child's name is on the note.**

Thank you for providing the tools and supervision needed to complete these activities. Don't forget to return the entire package before your child's VIP day.
